To whom it may concern

I herewith wish to confirm that, together with Ms. Ade Frey, you carried out the „Sight and Sound“ project at the German Consulate General in New York on January 29th, 2004.

The concert and simultaneous projection of Ade Frey's pictures on the big screen brought together music and painting, hearing and seeing in a wonderful fashion. Through your performances of pieces by Mussorgsky, Schumann, Debussy and Villa Lobos, you gave a new dimension to the paintings, which, in turn, held references to the music.

Afterwards at the reception, the exposition of the originals in our exhibition area prompted the audience to speak extensively and at length with the artists.

Overall, a full program that met with great approval from our guests !

I thank you most sincerely for your contribution to the cultural program at the "German House" and wish you all the best for the future.

Sincerely

(Sabine Haake)
